Dear Aunt
Denison

Original

After many long years of contumacious
and turmoil and unremitting perseverance and
anxiety, I at last feel myself getting clear of
many of my troubles and what may reasonably
be considered as passing a competence, and
I have just returned from a visit to my Father
and relatives in Ohio, who are all now in the
way of being comfortable and I reside in the
Island of Cuba as a Merchant and Coffee
Planter but it is in the latter branch that I am
myself actually employed, I am a Catholic from
conviction and an old Bachelor from necessity,
and bear the like an unblemished reputation
this latter I name for your satisfaction, and not
from my own egotism, I was extremely sorry
to learn in Ohio that my Aunt Rachel to whom
I owe so much, more than I can ever repay had
long since lost her property, and had I known
sooner aid on my part would not have been
continued

withheld, and I now remit you under cover a
draft for £50. Stg for her use, hoping in God
that it may yet however late, be in time to render
her some service, I remit to you as the most
capable of presenting it in the mode that may
be most gratifying to her, and I have to say
that I shall be at all times willing and sincere
pleased to forward from time to time any sum
or sums that can be useful to her, let me know
exactly how things are and I shall not be
found wanting in my duty, you will please to
direct to me as follows

not in friend's style (being) extraordinary
in the market of the world, I am aware that
I have had many family letters opened and de-
stroyed afterwards out of curiosity -

I write you not a long letter but by a long one
in return, the writing not cropped as my sight
is bad and I am therefore a poor hand at such,
but as many sheets as you will, and I promise
never to let a letter of yours go unanswered, in
deed that is a matter in which for many years
I have used the greatest punctuality with every
one and I leave this City for home in about
three weeks for being a farmer I must be on
the ground during crops, which will have commen-
ced before I can get there do all I can
I believe that I am liked by all my la-
bours so much so that I should be sin-
cerely lamented in case of death, and however
many may think, although among Spaniards
we have more security for life & property
than you have in Ireland. Now conclude
hoping to hear from you as soon after the
receipt of this as practicable and remain

Your affectionate nephew
James Wright
